FOREWORD

"Magnum ex Parvo, ~ From small things great things grow." This phrase typifies the development of industry in Alberta. To portray those industries which are today most important in our economic life, and to bring to the realization of the reader, the potential wealth as yet to be explored in our province has been the goal of this book. By means of colorful reproductions the Evergreen and Gold of 1940 wishes to show that industry in Alberta is steadily growing and is very alive.

DEDICATION

To you, the young people of this province, this book is respectfully dedicated. In your hand lies the destiny of Alberta; do not fail her

Our fathers have lighted the torch of progress and your duty is to keep it alight.

Youth must carry on!

DR. W. A. R. KERR, M.A., Ph.D., LL.D., Chev. Leg. d'H., O.I.P.:
President of the University of Alberta

The President's Message

"Watchman, what of the night? Watchman, what of the night?" and the watchman said, "The morning cometh and also the night."

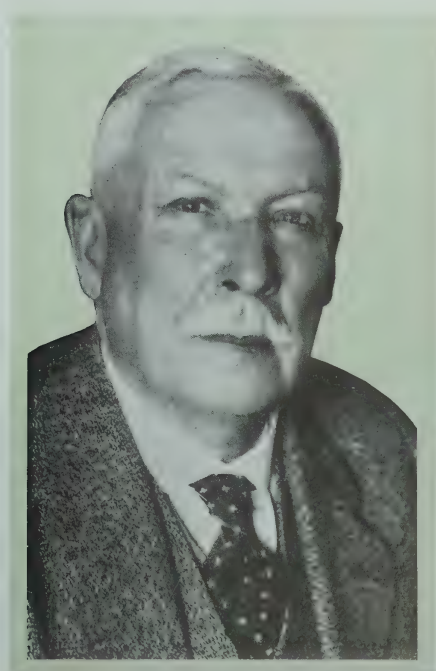

What does the watchman mean? If we are to take him at his word, and this is the obvious thing to do, the present darkness and distress of night are to be followed by the light and loveliness of morning, but these again by night. To extend the figure: Is life on this earth to consist forever simply of a sequence of fair weather and foul, good and evil, leading nowhere; the future of our earth to be a mere monotonous alternation of victory and defeat, prosperity and adversity, happiness and horror? Certainly, if we cast our eyes backward over the course of human history since the days of Isaiah the impression made on the mind is not exhilarating, in our day world war, a truce of twenty-five years, and then a second world war, conducted with even more calculated and scientific precision than its tragic predecessor.

Yet in spite of the gloomy forecast of the Hebrew watchman from his tower on the high wall of the old Palestinian city, man has never been willing to accept as his fixed destiny a seemingly futile succession of peace-time and war-time. The ablest and noblest of our race have always looked forward to an age, far in the future it may be, as Goethe wrote, of higher spheres of pure activity.

Meanwhile, it becomes the duty of the youth of the present generation, for youth alone can accomplish it, to attack the task confronting us. To youth the sacred torch of civilization is confided; by youth that torch must in due course be passed on in turn to yet other and still younger hands.

In Memoriam

Dean Ernest Albert Howes, Dean of the Faculty of Agriculture died in Edmonton, on February 9, 1940. He was born at Henry, Ontario, on March 21, 1872. In 1911 he graduated from the University of Toronto, and in 1928 he received a D.Sc. A. (Hon.) from Laval University. In 1916 he was appointed the first dean of Agriculture at the University of Alberta. The faculty has progressed steadily under his guidance. Dean Howes was an outstanding authority and a most successful teacher in his field. He was an enthusiastic supporter of all campus athletics and especially boxing. He was loved by faculty members and students alike.

GRACE EGLESTON
Class Historian

History of Class 1940

"How much pleasure they lose (and even the pleasures of heroic poesy are not unprofitable) who take away the liberty of a poet, and fetter his feet in the shackles of a historian."—Sir Wm. Davenant.

Registration day of September, 1936, was much like any other fall day to everyone except us, the Class of 1940. Probably we were as timid and nervously eager as any former group. With envy we watched the complacency of the upper classmen. During the first term we all endeavored to adjust ourselves to life in this strange new community in which we found ourselves.

A historian according to the dictionary is a writer of history, especially in the higher sense as opposed to a mere annalist. With so little perspective it is difficult to create a history in this "higher sense", which can adequately depict these four event-packed years. Fortunately the panorama of happenings in and about the University during that time need not be touched up by interpretive description. The facts alone succeed where the imaginative historian would fail.

By Christmas time we felt as much at home as the Seniors appeared to be. Our class elections completed, Professor Healy consented to be our Honorary President. Our associations with him have been most pleasant. We hope that he has experienced enjoyment during his fellowship with us. Although he was absent in France during the Junior term, Dr. Hardy very kindly took over his duties. It becomes us here to express our deep appreciation to them both.

The term of 1936 proved to be a momentous one. Our highly esteemed Dr. Wallace left for another post. But the University, in appointing Dr. Kerr as his successor put the guidance of our institution into very capable hands. Lord Tweedsmuir, Stephen Leacock and Sir Fredrick Banting entered our portals to give us glimpses of the outside world.

Our Sophomore year ushered in the Third Decade of the University. The resignation of Dr. Alexander, one of our most popular lecturers, was accepted with regret. The Meds. and Engineers must have known that their battle was to be their last. Although the outcome was undecided the sight was wonderful to behold. Our play "The Happy Journey" brought honor to the University in the provincial competition. The Halpenny Cup for hockey was secured for us by a team which was to restore the prestige of University of Alberta hockey.

Beginning with our junior term Dr. G. M. Smith became our Dean of Arts. Our men athletes secured the Cairns and Harcourt trophies. The shelving of Women's Hockey and the Prom. scandal furnished conversation and good copy for the Gateway. It was with great regret that we heard of the passing of Dr. Stover the Honorary President of the class of '34.

Our Senior term has left deeply channelled impressions upon us. The first faint repercussions of the new war have acquainted us with the sterner realities of life with greater impact than would have the normal course of events. A few of our classmates were called up to service. Early in the spring a friend of the students and a true scholar, Dean Howes, passed away. Shortly afterwards Canada's Lord Tweedsmuir died. University life had lost two of its most distinguished figures.

On this the eve of the biggest event of our lives to date, graduation, it is our hope that a few of us, at least, will not drop into obscurity. In any case none of us leave our Alma Mater unchanged. We are taking with us into the world our newly formulated opinions. No doubt many of them will not stay with us. But at least we now have definite convictions which have come through a process of abstraction from finite impressions.

Be cheerful sirs, our revels now are ended; these our actors, As I foretold you, were all spirits, and are melted into air, into thin air.—Shakespeare.

Valedictory

NEIL VICTOR GERMAN
Valedictorian

This occasion symbolizes an important milestone in the lives of the men and women of the Class of '40. It marks our departure from the realm of things academic, in which for a brief space of time we have studied, and worked, and played together, and our entrance into the (for us) unexplored regions of things practical. As we stand for a moment at this turn in the road, over which we shall never pass again, we pause to take one wistful, backward look at the familiar scenes which have constituted our little world during those happy, fleeting years we have spent together—the Class rooms where the Faculty have laboured so faithfully and well to impart the knowledge we have acquired, the Campus where so many priceless friendships have been made, the Dining Halls where good fellowship has reigned supreme, the wholesome atmosphere of the Gymnasium—all these, and many others, have combined to make our College Life a precious and memorable thing. And now, like a story that is quickly told, it is finished.

With a pang of regret, and yet with a curious eagerness, we turn our faces to the future; a future as uncertain and obscure as the uncharted Seas into which Columbus launched his little fleet four hundred and forty-eight years ago. We stand on the threshold of a new world—a world to which the scientific ingenuity of man has brought comforts and conveniences which were undreamed of fifty years ago, a world in which man has harnessed the forces of Nature and made them his slaves, in which man-made machines have annihilated Space and all but conquered Time, a world into which only man's selfishness and greed have prevented the advent of a Golden Age. For even now, the dogs of War are loosed in Europe and man's ingenuity is being concentrated on the heinous task of destroying life and property. We leave the sanctuary of college life to enter a world torn asunder by hate and fear. It is both a challenge and an opportunity—a challenge to use our intelligence and Christian influences in a world (which science has reduced to a neighborhood) to make that world a brotherhood—an opportunity to serve, to promote knowledge, discretion and understanding, to guard the paths of justice and preserve the way of righteousness. The world needs what we have to offer.

Let us therefore take up the challenge and prove ourselves worthy of the honours conferred on us today, and worthy of the faith reposed in us by those whose sacrifices have made it possible for us to attain them. In whatever mold our future lives may be cast, let us resolve to pursue our respective destinies with the high courage, calm determination and steadfast faith that will imbue us with the strength to do and the will to dare, remembering always that he that is greatest is he that best serves his fellow men. Holding fast to the instructions of our Alma Mater and seeking the wisdom which comes with experience, we go, with a parting salute, to the fulfilment of our appointed task, determined to so live that the world will be a better place because for a little while we lived, loved and labored in it—Farewell and Godspeed!

MARY DILLON
Vice-President

KEITH MILLAR
President

PROFESSOR D. M. HEALY
Hon. President

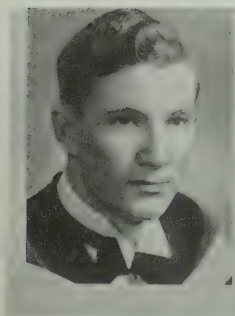

Senior Class

Perhaps never before has a graduating class faced a world in more need of knowledge, sanity, truth and loyalty. May these be the things we carry with us.

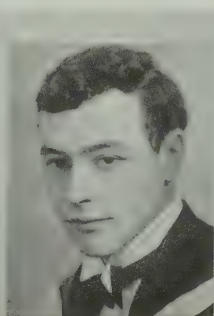

In our brief stay at the University we have acquired some knowledge; its worth lies in our application of it.

It has been our desire this year to carry out our academic as well as our social duties, and to achieve this responsibility has been a great task.

Now that we are to enter our future world let us remember to be a credit to our University and to ourselves.

Juniors

Dr. O. J. WALKER
Hon. President

HARRY LEGGETT
President

ISABEL HOWSON
Vice-President

Junior Class

The Class of '41 looks back over the passed year with pride and satisfaction.

The major social event of the year was the Junior Prom, which was held in the presence of the Penguins in their Arctic home.

The Junior play "Figureheads" in the inter-year competition, ranked close to the Senior play, which won the award.

One more year of Varsity life remains for most of us. Before becoming Seniors, we should remind ourselves of the year we have just completed, and then try to make our coming Senior year just as successful.

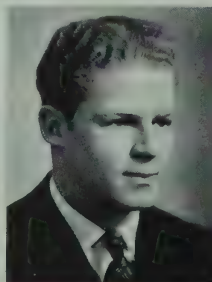

We owe our thanks to Dr. Walker, our Honorary President, for his valuable assistance.

Sophomore Class

We look back on a year of participation in campus activities which may well be the envy of all the classes.

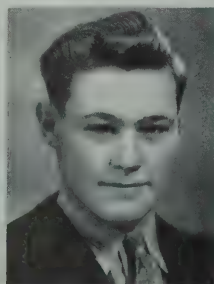

In spite of the fact that we are the smallest class, the Sophomore Reception to Freshmen was a great success.

In the Inter-Year Plays, it was a Sophomore, Mac Burka, who won the award for the best actor for his part in "Eldorado".

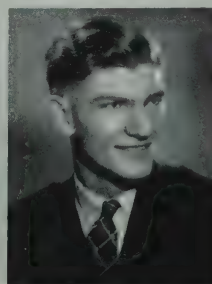

It has been said of Sophomores that "our first two years have taught us that we know little, that we are indeed the wisely foolish". If such be the case we are wise enough to know that we have had a profitable term, and to hope that we may continue as a body to comprise a better and bigger Junior Class in the coming year.

Freshman Class

Just as the Yearbook is "bigger and better" so was the Freshman class. The Fresh Class this year was one of the biggest ever enrolled and certainly one of the best.

Several Freshmen made names for themselves in Senior rugby and hockey, and the class was also well represented in minor sports.

Our entry, "A Wedding", in the Inter-Year Plays was well received. The majority of the players in the Spring Play, "Three Cornered Moon", belonged to the Fresh Class. We were also well represented in the operetta, "Iolanthe".

The Freshman Dance was one of the highlights of the campus activities of the year. After the Sleigh Ride there was an informal dance at "Tuck" at which everyone turned out covered with straw. It was a great evening!

Our university life has just begun. May our coming years be just as successful.

J. P. DEWIS
President

A quarter of a century ago students entering and leaving the University did so with an added responsibility, that of shouldering their share of the burden in a World War. This year the same situation exists. In response to this duty the enrolment of the C.O.T.C. on the campus was nearly doubled and a few students were called to the colors even before the year was over.

As a step towards keeping in touch with students going overseas, Council appointed a committee to gather the necessary information to set up a permanent committee whose responsibility it would be to keep in touch with these students and supply them with news bulletins and various comforts.

A committee of students and faculty members was spontaneously organized to conduct a campaign for funds to aid Finland in its stand against aggression. With the full-hearted co-operation of the student body, this campaign was very successful.

The Freshmen and Freshettes were given a rousing welcome in the fall. Under the capable direction of Fred McKinnon, a full week of teas, dances, pep rallies and other social functions was arranged for the benefit of the new class.

This year saw a new high in interest taken in intercollegiate sport of all kinds. The largest crowds in years attended the rugby,

hockey, basketball games and assault-at-arms. The University of Manitoba, after a long absence from the hockey wars, again entered a team, thus making a three way series. Alberta retained the Halpenny Trophy, symbolic of Western Intercollegiate hockey supremacy, but bowed to Saskatchewan in other sports.

The Covered Rink successfully completed its first year under a permanent non-student manager as set up by last year's Council. Despite a short season the new arrangement proved its worth and released student officials from considerable work and grief.

Convocation 1940 saw the advent of mortar boards. These were bought by the Union and will be rented to each succeeding graduating class.

Due to the state of war existing between Canada and Germany, and the resulting heavy drain on Canadian resources, it was not thought expedient at this time to push the Union Building Fund Campaign.

"To err is human; to forgive is divine". This year's Council has endeavored to do its best in the interest of the students, but it is not so blind as to think that its best has been all that one could desire. The best of luck to next year's Council and may they profit by our experiences.

St. Stephen's Students' Council

St. Stephen's College, with its towering turrets, has been the University home for many students in the past. Home of the theologues and as many other students as the College will accommodate, its corridors have echoed with the gay laughter of all within.

The Council, as the governing body, directs student affairs in athletics, literary activities, and vespers. The House Committee, in co-operation with the Council, is in charge of Student discipline. Thus very good relations are maintained between the students and the management, and the College and the University.

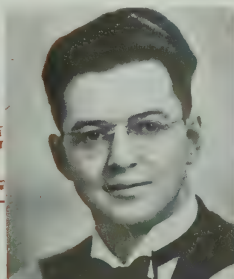

Echoes of boisterous shouts in the corridors may fade but memories of delightful associations and good fellowship will remain in the minds of its graduates forever.

The Wauneita Society

The Wauneita Society has been active on this campus for twenty-eight years. Each year our motto "Payuk uche Kukeyow, Kukeyow uche payuk" meaning "each for all, and all for each", has been passed on from senior to freshette.

During Introduction Week the Society co-operated with the Students' Council, by arranging campus tours, a scavenger hunt and a tea for the co-eds.

The spirit and enthusiasm of this year were demonstrated by the success of the reception to men students, the first formal of the year.

Mme. Sonet, an early initiate of this society, was our honorary president. Her friendly charm and her keen interest in our activities have endeared her to our hearts.

The Wauneita Banquet, an annual event, brought the students together with the alumni and faculty. Mrs. Kerr's gift, a display of three pieces showing in miniature the progress made in pioneer days, was used to carry out our symbolism.

This year, as it has done in past years, and will do in future years, the Wauneita Society has been the common tie which brings the women students together in a spirit of co-operation and friendship.

St. Joseph's House Committee

The concluding months of the scholastic year 1939-40 are ushering into oblivion seven months of keen intellectual and physical activity. Under the leadership of an efficient House Committee, a spirit of co-operation, enthusiasm and interest ensured the success of those many activities that form so important a part of a University student's life.

At the moment of writing a keenly-contested basketball league is in its finishing stages, with S. Costigan's Thunderbirds and J. Riffel's Killer Dillers playing off for the Ansbert Trophy. The handball courts and table tennis saw a great deal of use and helped not a little to while away the idle hours.

Spiritual, intellectual and social activities played an important part in extra-curricular interests of the year. These were directed by the Newman Club, an organization of all-Catholic students, resident and non-resident.

His Excellency, Francis Carroll, Bishop of Calgary, presided at the Spring Retreat. Other outstanding functions of the year were: The Farewell Banquet tendered to Brother Memoriam, former Rector, on the occasion of his departure for Japan; The Formal, which has become traditional with St. Joe's; and the Christmas Banquet.

The Provincial News Department

The Provincial News Department was founded two years ago "to secure suitable publicity throughout the province for the University and the Students' Union and to stimulate a friendly public interest in the same." To do this the Department established and maintained contact with provincial newspapers and furnished them with U. of A. news items as were suitable for local publication.

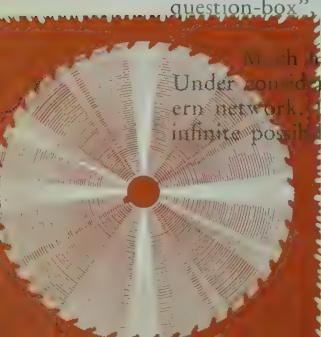

Other campus news was broadcast weekly over the Alberta Educational Network with Fred McKinnon at the microphone. Play by play descriptions of rugby, hockey and basketball games were broadcast throughout the year with Fred Pritchard as sports commentator.

Further field of endeavor of the Department lies in the arrangement of other broadcasts of student life and activities.

Dave Jones and Alan McQuarrie arranged weekly musical programs featuring student talent drawn from the Philharmonic Society. Radio plays were presented weekly over a four month period under the direction of Mr. MacDonald of CKUA. In these two series, over seventy-five students participated thereby gaining valuable experience in radio work.

After Christmas a six week series of Varsity Variety Hour programs consisting of interfaculty quiz competitions, music and drama, provided further entertainment and experience to many more students. Acknowledgements are hereby made to John Maxwell, the "human question-box", to Bruce Keith, Master of Ceremonies and Eric Conneymore, announcer.

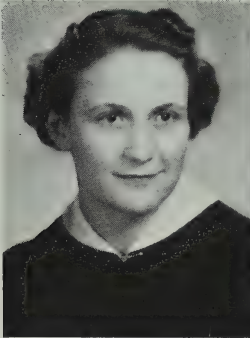

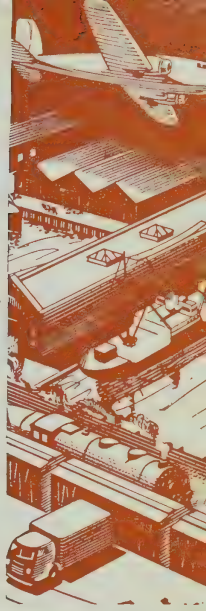

Much has been done but as yet the Provincial News Department is still in its infancy. Under consideration for another year is an inter-Varsity Radio Play competition over a western network. If co-operation on the part of the students continues, this radio field presents infinite possibilities.

PETER LEACOCK
Editor

This year has seen several radical departures from previous policies of the Evergreen and Gold. The use of colour from cover to cover, the summaries of the University activities of graduating students, and a larger pictorial section are a few of the innovations. We consider that they have added to the beauty and value of the Year Book, and hope you will appreciate them.

The industrial motif has been used to portray the great industrial progress of Alberta; the farming, ranching, mining, lumbering, and more recent oil development. This progress has been due to the undying vigor and initiative of youth and youthful minds in a new and developing country. Today, when the foundation of a culture that permits such initiative is being challenged, we must grasp the Torch and hold it high.

The Year Book staff has been small this year, but there has been greater efficiency through closer co-operation. It is our wish, that in future years, when perchance you are looking over the pages of this book, they may bring back to you memories of past days, old friends, and an Alma Mater of which you may be proud.

The Telephone Directory

The year 1939-40 saw the Students' Telephone Directory make its debut to an eagerly waiting student audience. The Directory was published to fulfil a more urgent need than that for which the old Student Handbook was published.

Naturally the book could not be publicized as being the best one ever to be published, but like other publications on the campus, there will undoubtedly come a year when the Students' Telephone Directory will be "the greatest little book ever to be published and bigger and better than last year".

In order to make the book effective and accurate every student on the campus must necessarily co-operate and only in that way can it become the "book of the year".

DONALD CARLSON
Editor-in-Chief

THE GATEWAY

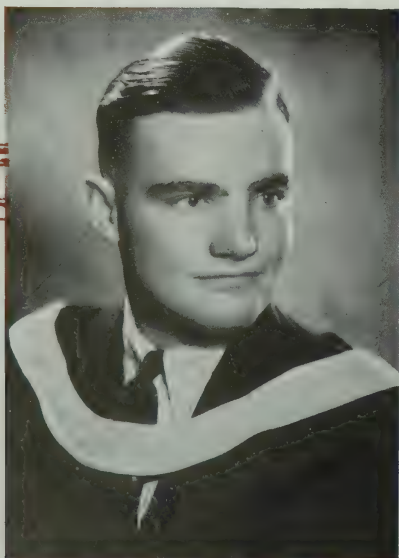

This year the Gateway completed its thirtieth year of publication. During the year the student publication attempted to present the student viewpoint of University news in a crisp, concise and readable manner. Student newspapermen followed, in so far as possible, practices of the standard daily newspapers.

One of the features of the year was a brilliant weekly column by Naomi Lang. Sports news was carefully and accurately handled. A cosmopolitan commentary "Paste and Scissors", and a disinterested survey of Student Union business in the form of "The Open Door", added to the variety of the Gateway. A welcome addition to the features columns was "Entre Nous", an entertaining column by Melvin Nelson of Seattle.

The Gateway had a real friend and a good neighbor this year in Dean E. A. Howes. He will be missed greatly.

In so far as possible the Gateway attempted to present college news in a fair, unbiased and impartial manner.

The editorial staff hopes that the Gateway afforded a measure of entertainment and pleasure to its readers. We have enjoyed publishing your college newspaper.

Activities 1939-40

More activity has been shown among all the associated societies this year, than has previously appeared. Each society, headed by a capable executive, enjoyed a successful season.

Special mention must be made of the Debating Society, in which many innovations appeared. The Open Forum was extended to include members of the Debating, Political Science and Public Speaking societies, each of which kept its own identity, but co-operated closely in making the Forum a success.

The Philharmonic and the Dramatic Societies gave very creditable performances. The Philharmonic Society surpassed all previous productions in its selection of Gilbert and Sullivan's Opera "Iolanthe". It is to be hoped that the Calgary performances will not be abandoned, since the reputation of the University productions in the southern city must be built up by continued high standard musical performances.

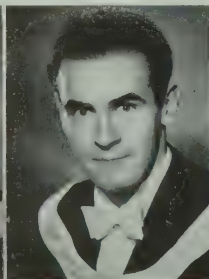

The Dramatic Society completed a successful season. It met with greater student support than previously. The Interyear plays were especially good, and much talent was revealed. The Senior Class, presenting Noel Coward's "Fumed Oak", won the competition. The Spring Play, "Three Corners Moon", by Gertrude Tonnogony, under the capable direction of Mr. E. Maldwyn Jones, was presented in February. A number of new actors made their debuts.

The Band, showing great improvement, played at rugby games, the Track Meet, and hockey games.

A Major Literary Award, corresponding to the Big Block Letter in athletics, was passed by Council this year. The award will be an 'A' ring. This year 'A' rings were awarded to Margaret Hutton, Philharmonic; Tommy Hyland, Dramatics; Jack Porter, Band; Jim Saks, Dramatics and Philharmonic; and Jack Bradley, Philharmonic.

TOMMY HYLAND

Back Row—Henry Dombrowski, Maurice Marshal, Bill Martin, Armand Weaver, Frank Woodman, Del Foote.
 Second Row—Gordon Pybus, Ross Nikiforuk, Douglas Galbraith, Joe Gidzinski, Malcolm McDonnell.
 Front Row—Cecil Robson, David Elves, Frank Dorsey, R. Phipps, J. Sinclair, Orville Wright, Sandy Flemming.
 Conductor—John Porter

Absent—Bill McIvor, John Mahon, Dan Pickett, Dick Matthews.

The University Band

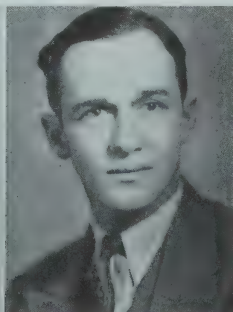

This year marks the fifth anniversary of the University Band, and its fourth under the baton of John Porter. The first meetings of the year were held in various isolated corners of the Medical Building, with ten members making up the full roster. Through its short career it has met with many obstacles. The Band has been a Topsy that "just grewed". But Topsy has carried on; turned out on cold, fall days to enliven rugby games and track meets; and has held itself ready to turn out whenever the call has come.

This year the first steps were taken towards affiliation with the Honorary Band Fraternity, Kappa Kappa Psi. If this materializes the University of Alberta will have the first Canadian chapter.

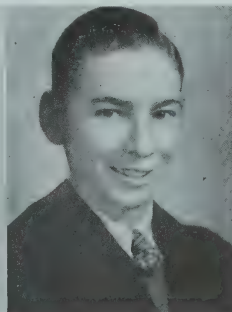

John Porter, whose efforts towards making the band a success have been unlimited, extends thanks to the Executive, Jack Sinclair, Sandy Flemming, and Dick Matthews, and to all those members, past and present, who have co-operated with him to build a real University Band. John graduates this spring and will be greatly missed.

THE Political Science Club

The activities of this Club for the past year have been varied in pursuing its purpose of encouraging thought and discussion on matters of student and public interest.

During the year the Club was fortunate in hearing speakers from the various political parties. It has joined with the Debating Society and the Public Speaking Club in presenting several highly successful Open Forums, and has taken the initiative in a move to give the Open Forum official status. It also co-operated with the Canadian Student Assembly and organized a branch of that organization here.

We look with satisfaction to the past, with enthusiasm to the future.

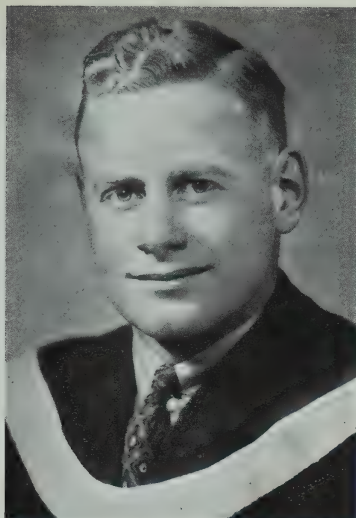

JIM ROSS
President

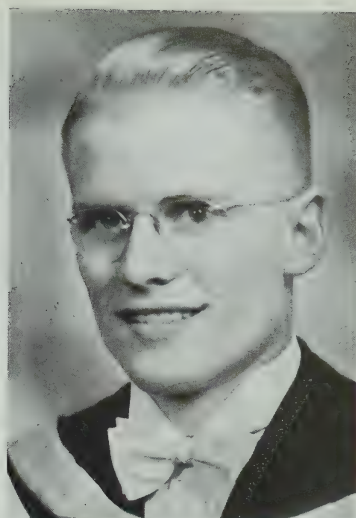

THE Public Speaking Club

The Public Speaking Club offers valuable experience and expert instruction to the novice in the art of public speaking. For the experienced orator it provides an attentive audience and a helpful critic. The future debater is given invaluable background.

This year, short but exceedingly interesting weekly meetings, with constructive criticism, gave the members abundant opportunity for self-expression. Up until Christmas various guest speakers gave talks on the aspects of public speaking, and also acted as critics for the speeches by club members. After Christmas Brother Azarias of the Department of Philosophy took over the duties of critic. Under his competent guidance a practical training was given in impromptu and prepared speaking, toasting, and in after-dinner speaking. A well attended banquet brought the Club's very profitable year to a close.

DERYCK BERRY
President

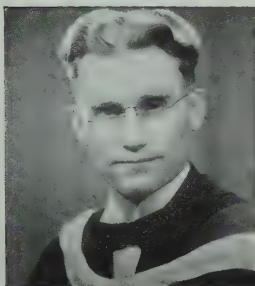

LORNE INGLE
Hon. President

THE Debating Society

This year the executive consisted of Deryck Berry, President; Alex Smith, Secretary; Bill Farmilo, Debates Manager; Blair Fulton, Advertising Manager; Betty Sutherland, Corresponding secretary.

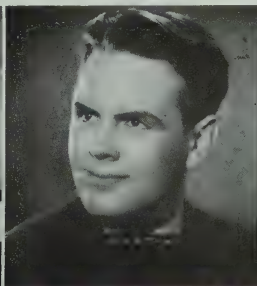

The activities of the Debating Society were curtailed to a large extent by the war. For this reason there were no debates sponsored by the N.F.C.U.S., and no radio debates. However, the Open Forum debates, the Normal School Debate, and the Inter-Varsity Debate were successfully held and created wide interest in the student body.

JOHN MAXWELL
"Civilization has not
reached its peak"

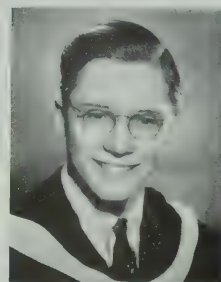

The Open Forum Executive

The very successful Open Forums sponsored by the Debating Society, Political Science Club, and Public Speaking Club showed how effective the co-ordination of similar activities may be.

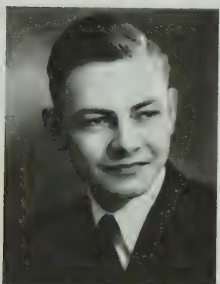

Four Open Forums were held during the year at which such vital topics as the progress of civilization, conscription, and free speech were discussed.

Lively discussion was promoted by such able leaders of debate as Mr. Max Freedman of the Edmonton Bulletin, John Maxwell, Lorne Ingle, Michel Dubuc, Mac Burka, E. F. Cameron, Miss Margaret Jackson, Eugene LaBrie, Murray Bolton, and Deryck Berry.

With such good beginnings it is hoped that the Open Forum will continue to be a meeting place for the airing of student opinion.

M. SHUMIATCHER
for the Affirmative

The Intervarsity Debate

The resolution "Resolved that a United States of Europe at the conclusion of the present war would be most conducive to a lasting and permanent European peace" formed the topic of debate among the four Western Universities for the McGoun Cup.

JOHN MAXWELL
for the Negative

BRUCE MACDONALD
for the Affirmative

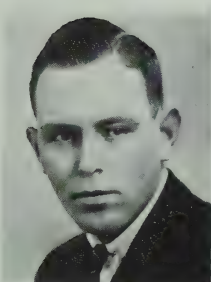

At home, Morris Shumiatcher and Bruce Macdonald suffered a hard-fought defeat at the hands of Clarence Estey and Richard Motherwell of Saskatchewan.

John Maxwell and S. E. Epstein upheld the negative in Winnipeg and returned victorious.

Unfortunately the result of the competition was a draw, and the cup rests at University of Saskatchewan.

S. E. EPSTEIN
for the Negative

PAT BLACKSTOCK

The Normal School Debate

Pat Blackstock and Eric Conybeare represented the University at the Normal School Debate and suffered defeat on the resolution:

"Resolved that the policy of the British Empire should be based on the principle that man is his brother's keeper." Miss Grace Pattullo and Mr. Micklejohn debated for Normal School.

ERIC CONYBEARE

The Interfaculty Debates

In an effort to create more interest in Interfaculty Debating the Hugill Trophy was converted into a challenge cup. At present the Hugill Trophy is held by the Law Faculty, having been taken from the Arts Faculty by virtue of the latter's default.

E. MALDWYN JONES
Hon. President

TOMMY HYLAND
President

LORRAINE COLGROVE
Vice-President

The Dramatic Society

The Dramatic Society presented its 1939-40 quota of entertainment on a strictly comedy basis.

The Inter-Year Plays consisted of four comedies, "A Wedding" by the Fresh Class, "Eldorado" by the Soph Class, in which Mac Burka won the award for the best actor, "Figureheads" by the Junior Class, and Noel Coward's "Fumed Oak" by the Senior Class. The Senior Class took the shield and Florence Brent won the award for the best actress for her excellent characterization in the same play.

For its annual spring production the Society chose a comedy, "Three Cornered Moon". Although no literary masterpiece, the play was well done by a cast consisting chiefly of Freshmen, and delighted capacity audiences.

The Philharmonic Society

"Iolanthe", as presented by the Philharmonic Society this term, won the highest praise that has been accorded to any of the University's Gilbert and Sullivan productions. The light, fairy movement of the operetta, combined with outstanding comedy-acting captured the fancy of capacity audiences.

The Calgary presentation, started last year, added further to the Society's laurels and provided an enjoyable trip for the Philharmonic members.

Splendid directing of the orchestra and cast by Messrs. A. P. Andrew, T. W. Dalkin, and G. A. Kevan is worthy of particular mention. Special thanks also go to the electricians and stage hands, without whose excellent services no performance could have been successfully staged.

As in the past, capable handling made the operetta a really worthwhile addition to University activity.

Act II—The Three Cornered Moon Starts to Come Up

Act III—Kenneth Prepares for Examination Results

liolanthe, summoned from her watery prison by the fairy band, kneels humbly at the feet of the queen who banished her.

The chorus of British peers, velvet tunics, crimson mantles and all. They are a proud group of noblemen as their song "Bow, Bow, Ye Lower Middle Classes" displays.

Enter the Lord High Chancellor. Though a man of wealth and position and guardian of many beautiful wards, all under 21, he is unhappy because he can allot not one of the lovely ladies to himself.

The principal characters of "Iolanthe", grouped in indication of their various roles. From left to right we see Private Willis (David Smith) accepting the attentions of the Fairy Queen (Norma Madill); Lords Mountararat (Roy Amundsen) and Tololler (David Jones) deferentially kneel to Phyllis (Margaret Hutton) while the Lord Chancellor (Pat Blackstock) shakes his finger reprovdingly. On the right Strephon (Roger Flumerfelt) and his mother, the fairy Iolanthe (Marion Nancekivell) are attended by the three principals of the fairy chorus, Leila (Marion Williams), Fleta (Doris McWhirter), and Celia (Barbara Gillman).

Strephon and Phyllis. A fitting conclusion to the beautiful love duet "If We Were Weak Enough to Tarry".

Cast, Directors and Orchestra. At the right of the stage: T. W. Dalkin (Dialogue and Stage Director), G. A. Kevan (Chorus).

Awards

NEIL GERMAN

Rhodes Scholarship

Neil Victor German was chosen as Alberta Rhodes Scholar for 1940. In the six years of his study at Alberta he ranked high in the regard of his classmates as a student, a sportsman and a friend. The best wishes of the student body go with him in his further study at Oxford.

I.O.D.E. Scholarship

Bill Scott, former president of the Students' Council, and now studying in England, has again been selected as the outstanding candidate among University of Alberta graduates as the 1940 winner of the I.O.D.E. Scholarship. His progress will be watched with keen interest by his many friends on the campus.

BILL SCOTT

Major Athletic Awards

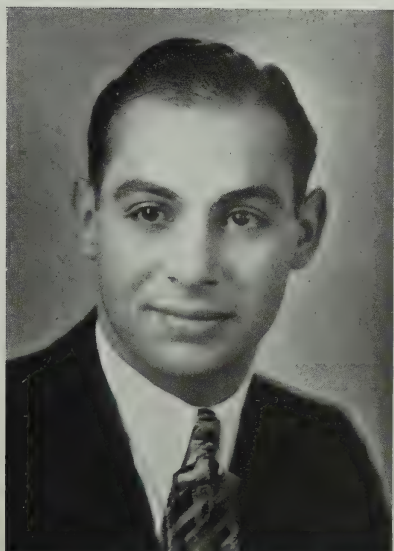

EILEEN RUSHWORTH

Tennis, 1938-'39.
President of Tennis, 1939-'40.
Track, 1938-'39-'40.
Senior Basketball, 1938-'39-'40.
Coach of winning team in House League
Basketball, 1939-'40.
Sportsmanship and executive ability.

President of Basketball, 1939-'40.
Senior Basketball, 1937-'38-'39-'40.
Coach of winning team in House League
Basketball, 1938-'39.
Outstanding service in women's athletics.

ADA CROWDER

BILL HADDAD

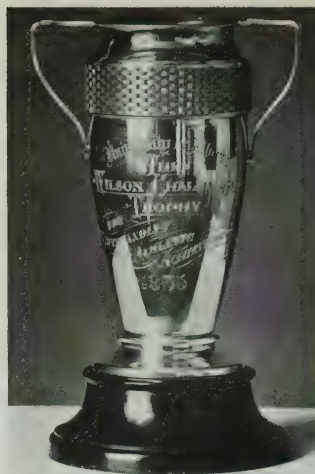

Bill Haddad was awarded the Managers "A" sweater this year because of his excellent work as manager of the Men's Senior Hockey Club.

The Wilson Trophy

DAVE McKAY

The Wilson Trophy, donated by Don Wilson, has again been awarded to Dave McKay. Dave has consistently shone for the Green and Gold, both on the Rugby field and in a hockey uniform and has brought honor and fame not only to himself but to the University of Alberta. We are sorry to see him leave our athletic fields but, in saying good-bye, we wish to pay tribute to a fine student, sportsman and gentleman.

The Kerr Trophy

MARTY DEWIS

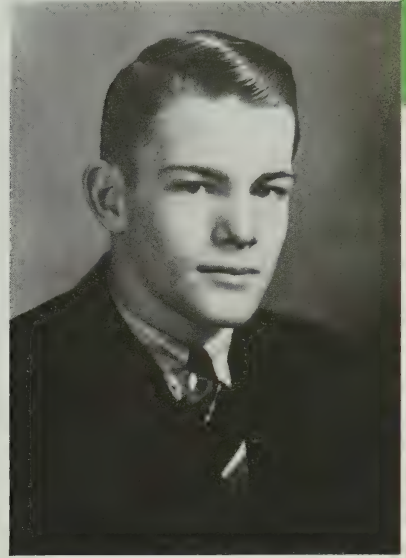

The Kerr Trophy is presented each year to the winner of the five mile cross country race. This year it was won for the third successive time by Marty Dewis. In future the race will probably be shortened to three miles to stimulate greater competition. Marty will receive the cup permanently because of his three successive wins. Next year a new cup will be up for competition.

The Beaumont Trophy

The Beaumont Trophy is presented each year by Wally Beaumont, ex-coach of the Boxing Club. This year it was won by John Dixon.

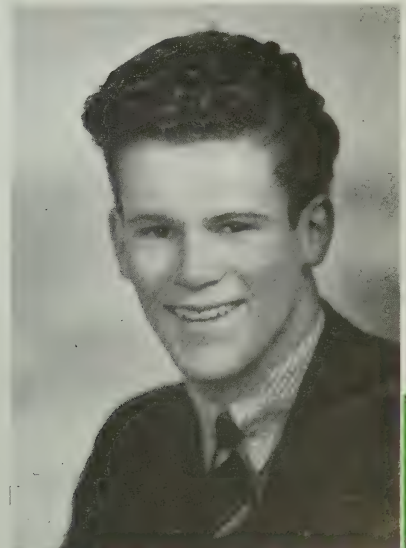

JOHN DIXON

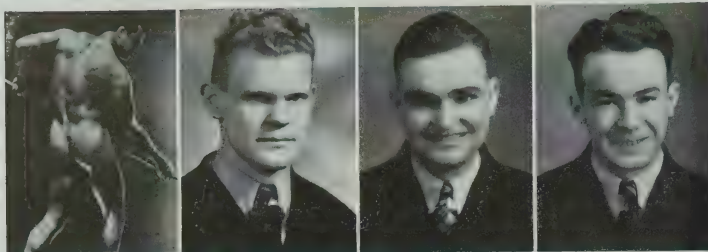

The Riley Trophy

A newcomer to our Halls of Learning, Ken Bradshaw, gained possession of the Riley Trophy for the year 1939-'40. To win this trophy Ken scored the most points in the interfaculty and inter-collegiate track meets.

The Agriculture Club

This year has seen much progress for the Ag. Club.

In the fall we welcomed a new class of seventy Freshmen, who were taken around the campus and the city by the members of the Faculty in their cars. They were then introduced to one another at a supper in the Varsity Tuck Shop.

The following week a dance of House Ec. and Ag. Freshies proved to be very successful. This was followed in two weeks by a supper meeting of the whole Agriculture faculty, at which the Freshmen were introduced to upper classmen and the Staff members.

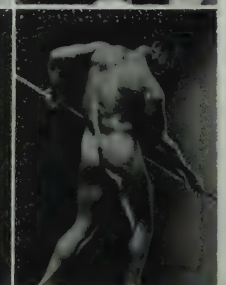

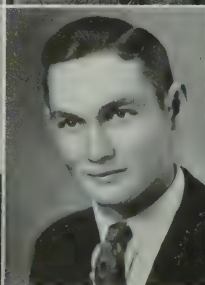

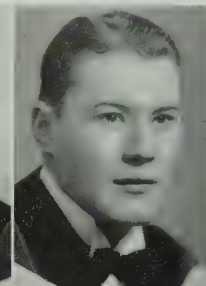

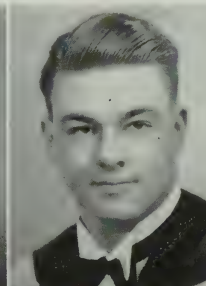

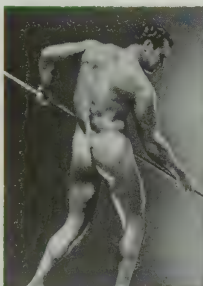

The Agriculture Club is one of the most active on the campus, and we hope that it will uphold its high standard in the future.

The Commerce Club

Once again the Commerce Club had a successful year to record—in membership and enthusiasm, the best yet.

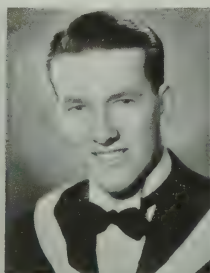

The members have been prominent in all fields of University activities, some having served on the Students' Council and others in various capacities through the whole list of administrative, social and athletic activities.

The year started auspiciously with participation in the over-town rugby parade. The luncheons at Tuck, which formed the most important activity of the Club, were characterized by timely speakers and most gratifying attendances. An interesting and profitable afternoon was spent when the Club held its Industrial Tour.

The Banquet and Dance at the Corona Hotel was a successful conclusion to a very successful year of Commerce Club functions.

Dental Club

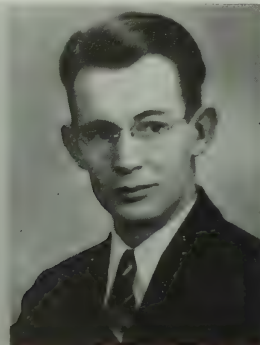

This year the Dental Club inaugurated a new system of monthly meetings. They alternated with a supper meeting and a program put on by two of the classes. Speakers were Dr. Bulyea and Mr. M. J. Hilton.

The Mediary Board was again active this year. Individual sterilizers for each dental chair were bought by the members of the fourth and fifth year classes.

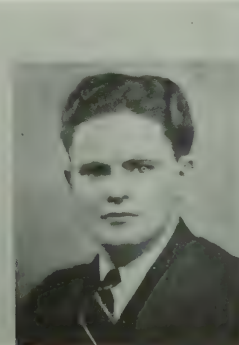

The fall dance at Acacia Hall and the spring banquet at the Corona Hotel were outstanding successes. As in past years the members of the Dental Club have done their part in upholding the true "Varsity Spirit" in all University activities.

Engineering Students' Society

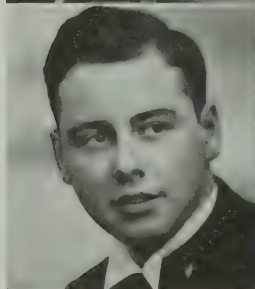

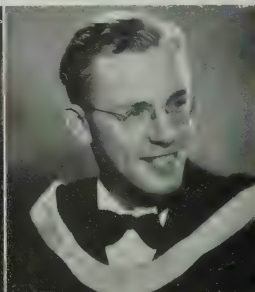

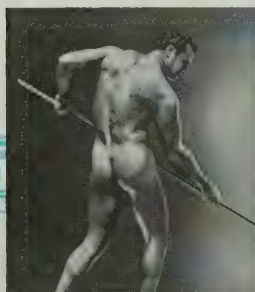

This year has been another banner year for the E.S.S. The Society still maintains its high standing on the campus. It has been a year of improvement and of close co-operation among Engineering students.

The close co-operation and assistance rendered by the faculty members was no small factor in making the year a success. The Society especially thanks Mr. Webb for his assistance in securing guest speakers, and for his ever-ready advice and help in general business during the year.

As another year closes the Law Club looks back on a year of noteworthy achievements. The members again distinguished themselves in a wide field. Law Students were active in the Students' Council, the Literary Society, Dramatics, Debating, the Philharmonic Society, and practically every sport on the campus.

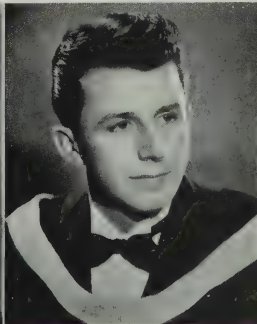

The social activities of the Club have been well attended and much enjoyed. The highlight of the year was the Undergraduate Dance, sponsored by the Law Club. During the year there were several luncheons, which were successful due to the good choice of guest speakers. The annual banquet was held at the Macdonald Hotel.

As evidence of the Law Club's initiative the Alberta Law Quarterly is completing its sixth year of publication. It is still the only legal periodical of its kind published by law students of a Canadian University.

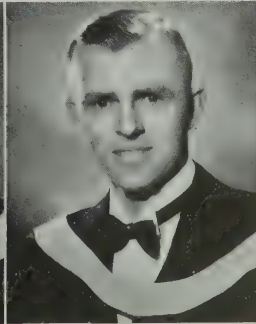

This year the Quarterly again published the minutes of the Alberta Law Society as well as contributions by practising solicitors. Under the supervision of the faculty and with the continued support of contributors and advertisers the Quarterly will play an even greater part in offering some contribution to legal thought in the future.

Household Economics Club

The fourteenth successful year of the Household Economics Club has drawn to a close. We have enjoyed our year in the Club, and have gained much from our contacts with one another.

Our interests were broadened this year by the stimulating talks of our guest speakers. We were very fortunate in hearing Miss Katherine Middleton, Miss Hazel McIntyre, Miss Grace Studholme, and Miss Grace Bard.

The Household Economics Club banquet was held at the Corona Hotel on January 24, with a record attendance.

Year by year the membership increases. Not only are we proud of our club membership, but also of the many campus activities in which our members participated. The Club was represented in all fields—athletic, musical, and executive.

To our honorary president, Mrs. Johns, and to the members of the staff, goes our sincere appreciation for their splendid co-operation and ever-willingness to help us with our problems.

We have enjoyed our year and we wish the best of luck to the Class of '41.

The Medical Undergraduate Society

HISTORY OF THE PRESENT ADDITION: A super-sparkling banquet at the "Mac". The most scintillating Ball Athabasca Hall has seen. A series of monthly meetings addressed by Drs. Revell, Ower, Dodds, Baker and MacGregor. A graduating class, the members of which deny ever having walked down the centre aisle.

FAMILY HISTORY: A long line of eminent ancestors.

ENVIRONMENT: Meets in Joe's house. For recreation indulges in football, hockey and basketball.

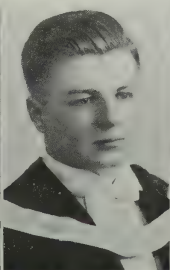

FUNCTIONAL: Is gaining weight and promises to be the largest in history next year. Eats sandwiches and coffee once a month, but indulges more liberally on state occasions.

OBJECTIVE EXAMINATION: A congenial group of meds and co-meds of cosmopolitan tastes, but with a common aim to acquire erudition at the feet of Aesculapius.

PROGRESS NOTES: To become the "Undergraduate Medical Society" next year and affiliate with C.A.M.S.I. In short, an historical and thoroughly successful year.

The Pharmacy Club

The Pharmacy Club of 1939-'40 more than lived up to its reputation as being one of the most active small clubs on the campus. The traditional supper meetings proved very successful, and a wide variety of speakers and entertainment made these functions even more interesting than of previous years. The Pharmacists did not cling as closely to their third floor stronghold as many believe; the pill-rollers were active in extra-curricular events such as radio broadcasts, interfac hockey, dramatics and boxing.

The Annual Banquet surpassed all others in every respect. This finale to the club activities found everyone left in high spirits.

Student's Christian Movement

The Student's Christian Movement again presented a balanced program of worship, study and fun conducted this year under the direction of the new general secretary, Bob Henderson.

An outstanding event of the year was the North American student conference on the World Mission of Christianity held at Christmas in Toronto. The Alberta S.C.M. was represented by three delegates, Ferne McKeage, Beatrice McBain, and Art Magee. Three national S.C.M. secretaries and Robert Mackie of Geneva visited Alberta this year.

The Osler Club

Sir William Osler—The Osler Club commemorates the name of a great physician, a great teacher, and a great Canadian. He was not the man to find honour in stone memorials or brass plaques. His was the Science of the Living. In tribute to this man, his name revered and respected wherever medical science is known, societies have been founded in the medical faculties of Canadian universities to carry on in spirit, the work he so ably began. As he held

informal discussions with his students, so does the Osler Club now hold informal meetings to discuss the latest advances in Medical knowledge.

This was the eighth year for the Osler Club on this campus. Under the unremitting interest and guidance of Acting Dean Ower and Dr. Cantor, the Forum has had another enjoyable and valuable year. To Drs. Scott, Jamieson, Hurlburt, Gillespie, Thompson, Conn, Ellis and the other members of the staff who gave of their valuable time to lead the discussions, the Club extends its sincere thanks.

MISS H. S. PETERS
Superintendent of Nurses

Nurses' Student Union

For some years the nurses have organized a Students' Union to manage student affairs and direct social activities, and this year again has seen a good deal accomplished.

It was decided to appropriate one-third of our Union Fees for the Red Cross, and many of the students volunteered to knit for soldiers.

From time to time informal parties have been sponsored by the Union, the most memorable being those held to welcome the new classes.

Our most important event was the formal dance in Athabasca Hall, a yearly tribute paid by the other students to the graduating class. An original motif and fine executive work made this once more a distinctive function of the year.

We followed the various campus activities with keen interest and participated in Athletics. We were particularly proud of our basketball team.

Elections for next year were held in the spring and the new executive is anticipating another successful year.

Athletic Director

JOHN CAMERON JAMIESON
Athletic Director

A familiar Campus figure, coach, executive, athlete and father confessor to athletic directorate, John C. Jamieson, has in his brief few years at Alberta made a host of friends among the student body. An outstanding athlete himself, Mr. Jamieson has brought real ability to the coaching ranks of Green and Gold squads. Through the trials and tribulations which are the Athletic Directorate he has remained cheerful and efficient. Willing to help, ready to advise, modest in his contentions, Mr. Jamieson has remained a steadfast friend to the athlete and a guiding light on the troublous seas which have been made this year of Inter-University athletic competition one of unparalleled difficulty—and success.

The Rooters' Club

Fred Pritchard, Mary Kelman, Mabel Attwood, Fred McKinnon
Fred Kendrick

This year the Rooters' Club continued its good work, and college spirit was boosted to a new high.

Freshmen were taught the songs and yells during Freshman Week. Several pep rallies were held before important games.

An innovation was women cheer leaders. They did a fine job, so let's give them a hand. More success to them next year.

Women's Athletic Committee

Women's Athletics were very active on the campus this year. Only the Women's Track and Tennis teams travelled, and Alberta was host to Saskatchewan in Basketball, Swimming, Fencing, and Badminton, and to Manitoba in Swimming.

Archery, a new club formed last year, had a large membership, and the members have progressed well.

This year the Badminton club engaged a coach. This is the first time that the club has had an official coach.

For the first time in a number of years Alberta lost the Rutherford Trophy, emblematic of Intercollegiate Tennis supremacy.

Fencing had the largest membership since the inauguration of the club a few years ago.

Basketball suffered most due to the loss of players through graduation. Nevertheless Coach Jamieson is well satisfied with the five Freshettes who made the team.

House League Basketball had seven teams in competition. The Nurses entered a team for the first time in several years.

Second Game, Alberta 9; Saskatchewan 3

The past season was a notable milestone in recent Alberta rugby history.

The Bears defeated the Saskatchewan Huskies for the first time in eight years, and played them three other closely contested games.

With Dr. Broadfoot again at the helm, the turnouts for football were the largest ever held on the campus. To accommodate the surplus, an intermediate squad was formed. The "Bees" turned in excellent performances through the year, and the success of this new team certainly merits its continuation in the future.

Greg. Macdonnell

George Stuart
Half

Jack Flavin
Guard

An attempt to stir up student enthusiasm during the Saskatchewan series proved quite successful, due to the co-operation of all the faculties, and particularly the Ags. and Engineers. The outstanding feature of this effort was a splendid parade through the city and back to the grid.

Graduation takes six men from the squad, but with the remainder of the team intact, and several "Bees", interfaculty, and high school stars as reinforcements, rugby prospects for next season are the brightest for some time.

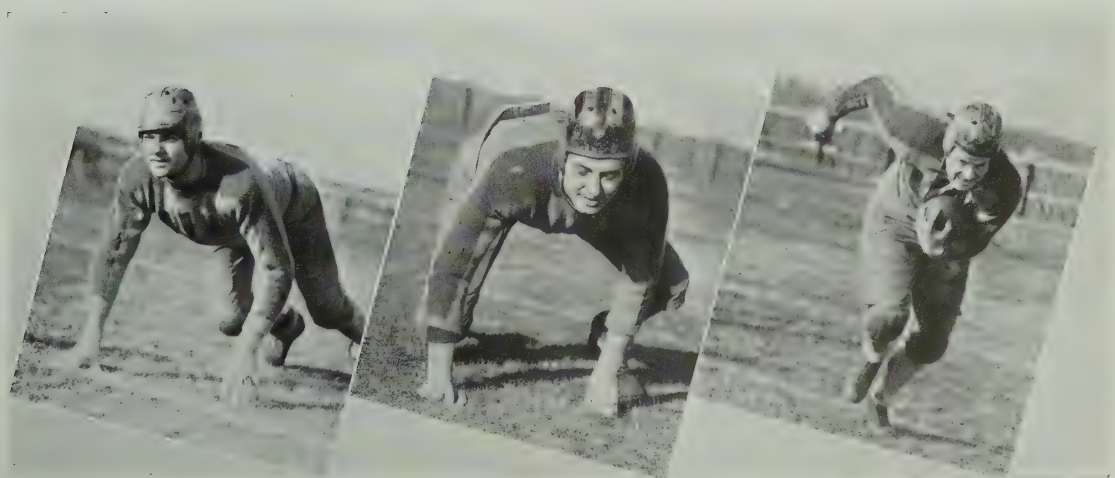

Varsity Bee: Scona Game

During Second Game between the Golden Bears and Huskies

The club wishes to express its thanks to Dr. Broadfoot, for his coaching, and to Capt. Myatt and Mr. Jamieson for their aid in conditioning. The team also thanks Trainers Dave Moffat and Gray MacLaren, and Managers Johnny Maxwell, Fred McKinnon, Bill Milroy, and Ernie Shortliffe for their splendid work.

Men's Senior Hockey

Four factors have contributed greatly to a highly successful season, a very strong team, excellent coaching, re-entrance of the University of Manitoba into the trophy series, and retaining the Halpenny Trophy.

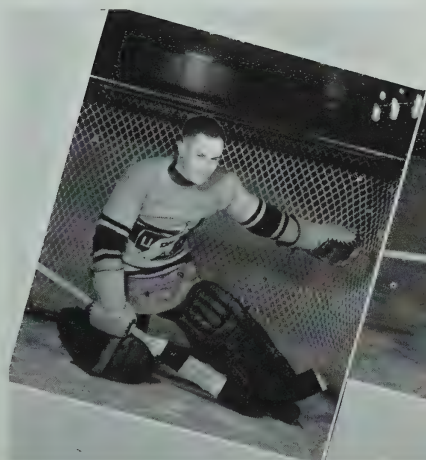

First Game: Alberta swamped Manitoba to the tune of 12 to 1

First Game—Alberta 3; Saskatchewan 3

In Dave McKay, the team had an outstanding player. Don Stanley and Bud Chesney were prominent due to their play-making and scoring. Bill Stark and Pat Costigan formed a stalwart defence. Stellar performances were given by veterans, George Stuart, Gordon Darling, Ed Crowder, Verne Drake and Bob Graves. Added strength was given maid, Greg Macdonnell, Bob Torrance andmid, Greg Macdonnell, Bob Torrance and Mageste Santopinto.

Much credit is due to Coach Stan Moher for the development of the team. The Halpenny Trophy was retained and the team tied for leadership in the Northern Alberta Intermediate League.

The Western Intercollegiate series was won without losing a game, though four ties indicate the closeness of the competition.

The away-from-home games made an enjoyable trip of a week's duration to Saskatoon and Winnipeg for games with the University of Saskatchewan and the University of Manitoba. Re-entrance of the latter into the Intercollegiate league, after an absence of a number of years, added much interest to the trophy series.

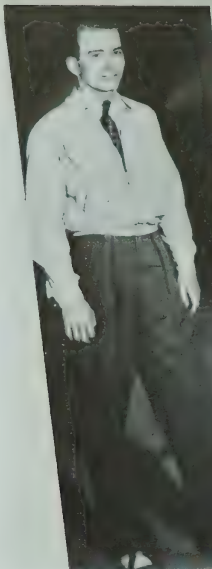

Hockey continued to be the major winter sport on the campus, and has been well supported by the student body.

J. C. Jamieson
Coach

Men's Senior Basketball

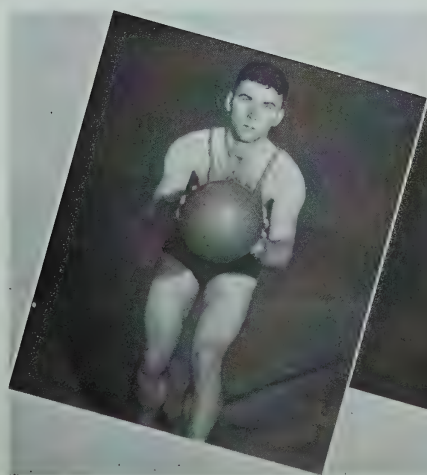

Basketball this year was very successful under the able coaching and direction of "Jake" Jamieson. Four new players helped to bolster the team work of the older members of the team. Earl Dixon and Fay Anderson were taken from the Freshman ranks, Dave Brown from the interfaculty league and Jack Neilson from the "B" team. These four worked in well with Captain Stan Cameron, "Brick" Younie, Dave McElroy, Albert Dobson and Bob Reikie.

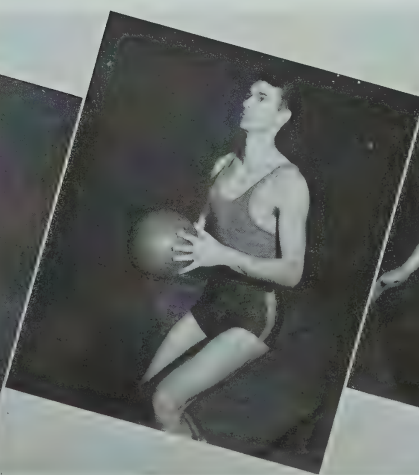

Alberta 26; Saskatchewan 28

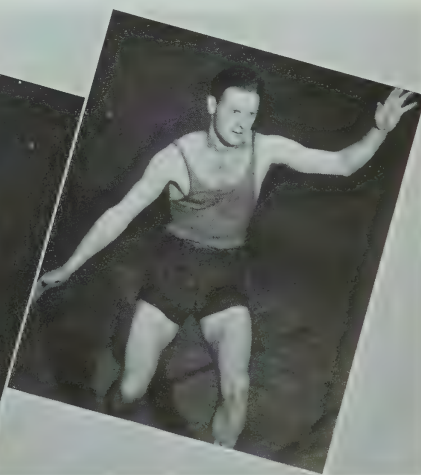

The Intercollegiate series saw Manitoba returning to the league after several years' absence. The Alberta squad, after losing one game and winning one from Manitoba, returned to Saskatchewan to meet their old rivals. Here tradition was broken, when Alberta tied the first game and won the second game. This was the first time in many years that the Alberta Bears were able to defeat Saskatchewan on their home floor.

Saskatchewan then invaded Alberta to again break tradition and beat us on our own floor for the first time in many years.

The Manitoba team visited Alberta to lose the first game and win the second one.

The final result of the series was that the Rigby trophy will remain in Saskatchewan for another year. Although we didn't win the trophy the good sportsmanship and spirit of healthy rivalry that was displayed during the series made it very successful.

In the city league the team ended up in second place, being unable to defeat the Auroras who were last years' Provincial champs.

President

J. C. JAMIESON
Coach

Women's Senior Basketball

The 1939-40 season was an active one for the Senior Basketball team. The Varsity team was entered in the city league with the Grads, Gradettes, and Grad Cubs. The Grads spotted every team 50 points and the Gradettes 25 points. For the first time in several years the Varsity team beat the Grad Cubs.

In spite of the graduation of five players, Coach Jamieson built up a very strong team around the veterans, Ada Crowder, Eileen Rushworth, Jean Robertson and Margaret Hughes.

1st Game—Alberta 21; Saskatchewan 23

There was a large turnout of Freshettes early in the fall and the coach had no difficulty in choosing five of them, Margaret Gulick, Pat Dobson, Eleanor Hamilton, Jean Cramer, and Mona Asselstine.

The usual amusing game between the Professors and Co-eds took place, and the proceeds went to the Christmas Fund. The girls wearing pyjamas and the Profs. wearing anything from gas masks to hockey pads added color to the game. The final whistle was held until the Profs. scored the winning basket—according to the score keepers. This is one of the traditions of basketball and it is to be hoped that it will continue.

Alberta and Saskatchewan battled for the the Cecil Race Trophy, which Alberta lost again. The series was played here with Alberta losing by one point. Alberta won the second game, but lost the first.

This year there were seven teams in the House League Basketball. Margaret Willox did an able job of managing.

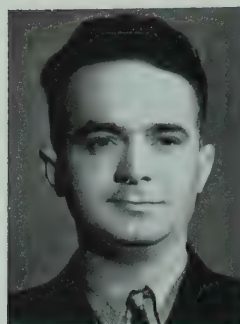

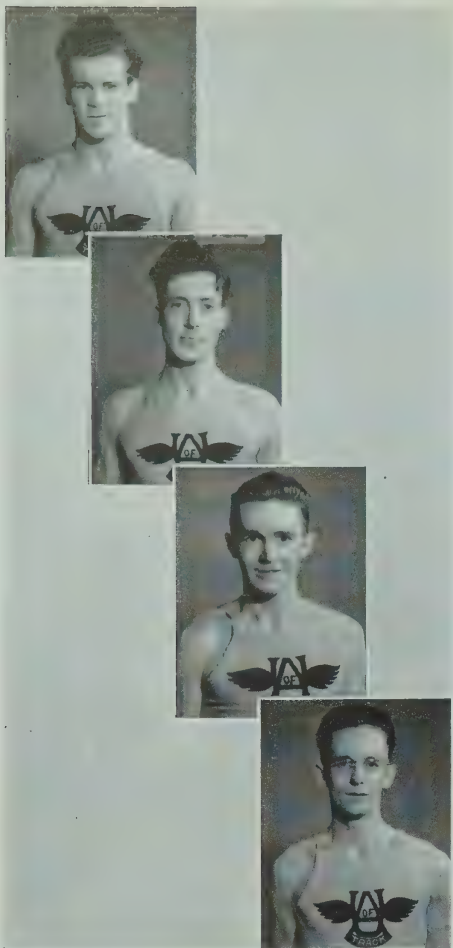

2nd Game—Alberta 24; Saskatchewan 23

Track

Men's

NEIL GERMAN
President

The University of Alberta came close to keeping the Cairn's Trophy, but failed to get the last few points in the relay race which would have kept the cup in our halls for another year.

Weather conditions were not favorable this year for either the Interfaculty Meet or the Inter-collegiate Meet at Winnipeg.

Jack Dewis was unable to be with the team until the meet in Winnipeg and consequently he was not in top form. Early in the day at Winnipeg, Bruce MacDonald injured his back in the hammer throw, and was forced to retire for the rest of the meet. On the brighter side Alberta made two discoveries. Ken

Bradshaw, a freshman, showed real spirit and drive and brought Alberta up in numerous events. We expect great things of him in coming years. Henry Dombroski showed undying determination and did his utmost to bring the University out on top. He willingly filled in and tried his best to take over the events from which Bruce MacDonald was forced to retire. Lloyd Grisdale showed great promise for the future. For the first time in many starts Marty Dewis was beaten in the three mile race.

This year we must say good-bye to veterans Jack Dewis, Marty Dewis, Ian Cook and Bruce MacDonald. We wish them success in the future and we appreciate their efforts for the University of Alberta.

Women's

JEAN CRAMER

DORIS GILLESPIE

ERNIE WILLIAMS
Coach

Women's Track, in spite of the unfavourable weather, attracted a large number of co-eds, especially Freshettes.

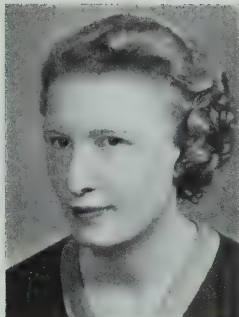

The Interfaculty Meet was held early in the Fall, and considering the rain and the cold, the athletes made a good showing. Three Freshettes starred; Doris Danner in field events, Jean Cramer in the high jump, and Peggy Wallis in the races. Eileen Rushworth won individual honors of the day, with Doris Gillespie a close second.

Track

JEAN HOLOWACH
President

EILEEN RUSHWORTH

DORIS DANNER

PEGGY WALLIS

This year the Alberta team was without two of its former stars, Helen Rose and Jean Holowach. Helen is back at the University but studies kept her from taking part. Unfortunately Jean Holowach was ill during the summer, and was unable to compete.

The Intercollegiate Meet was held at Winnipeg. Chosen on the results of the Interfaculty Meet, Eileen Rushworth, Doris Gillespie, Doris Danner, Jean Cramer and Peggy Wallis represented Alberta. At Winnipeg Eileen Rushworth and Doris Danner placed second in three events.

Minor Sports

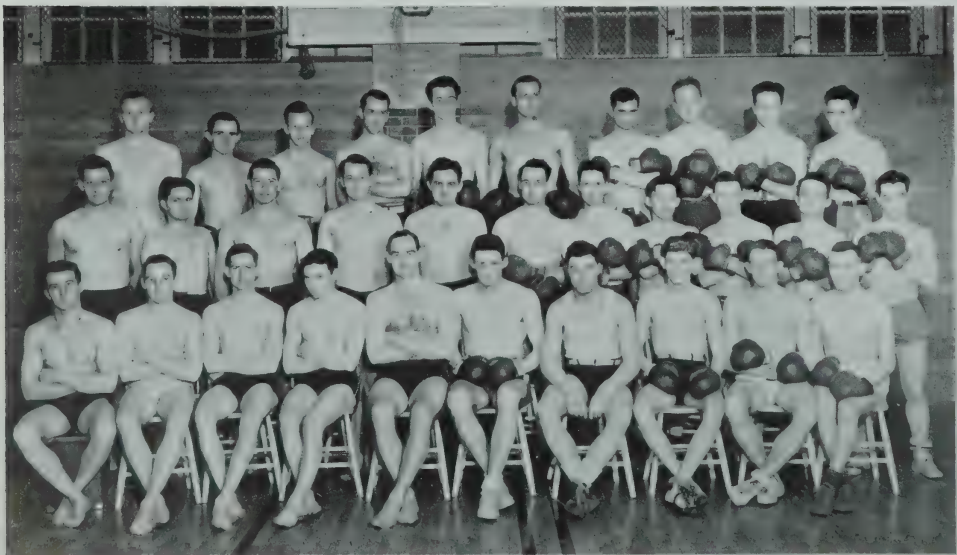

THE BOXING AND WRESTLING TEAM

The Boxing and Wrestling Club

With larger turn-outs than ever before, the Boxing and Wrestling Club completed a highly successful season under the leadership of Les Willox, Cec Robson, and Jim Flynn.

This year the boxers were most fortunate in obtaining the services of Gordon Grayston, a former Dominion Champion, as coach. The success of his coaching was shown when the boxers won the newly-donated "Dean Howes' Memorial Trophy" for Intercollegiate Boxing. A large number of wrestlers attended workouts and were again ably coached by Cec Robson.

THE BOXING AND WRESTLING CLUB

THE SWIMMING TEAM

The Swimming Clubs

A well-contested Interfaculty Swimming competition and the Annual Intercollegiate Meet were both staged by the Alberta Swimming Clubs during the winter.

In the Interfaculty Meet, an Arts-Law team defeated the Med-Engineer-House Ec. squad by a scant margin of three points.

Alberta Mens' Swimming team defeated Saskatchewan for the first time in many years, but were in turn outstroked by the boys from Manitoba. The Women's Swimming team made a strong bid for the newly-donated Felstead Trophy, but with little success. Don Thexton coached both the Mens' and Womens' team.

A new venture in Swimming Club activities this year was the inauguration of a "Learn-to-swim" campaign, and during the winter sixteen beginners became proficient swimmers.

Men's Swimming Team—Bruce Keith, Jack Flavin, Neil Cuthbertson, Orville Wright, Norman McClary, Bob McDiarmid, Ian Robertson, Brian "Gubby" Gore. Club Members: George Reid, Ken Balderson, Jim Marshall, Dave Larmour, Ian Cameron, Roland Maclean, G. F. Coote, and Alan MacDonald.

Women's Swimming Team: Mary Kelman, Gwyneth Shaw, Isobel Frost, Gerdine Rowan, Honor Evans. Club Members: Beth Rankin, Gwen Williams.

In the Learn-to-Swim section were Mike Feniak, Stan Edwards, Eugene LaBrie, Earnest Love, Lloyd Johnston, Cecil Anderson, Walter Anderson, Ian Bain, Bob Menzies, Paul Matisz, David Phillips, Kenneth Stone, Louis Yankonsky, Hugh Wallace, Randolph Murray, Peter Smylski.

THE FENCING TEAM

University Fencing Club

The 1939-'40 term was another successful one for the Fencing Club. Twice a week Athabasca Gym rang with the clash of steel as participants matched wits, speed and knowledge of the sport in attempting to land winning thrusts.

With many Freshmen and Freshettes attracted to the club this year, the membership rose to over forty, and Coach Wetterberg had quite a task in getting new members started and in coaching old members.

THE FENCING CLUB

THE OUTDOOR CLUB CABIN

The Outdoor Club

The Outdoor Club has completed its second successful season. Its activities began in the fall with a hay ride and camp fire. This was in the nature of a get-together and through it many new members were introduced to the club. At fortnightly intervals throughout the rest of the season there were outings of various kinds such as a treasure hunt, a moonlight hike, a skating party, a hallowe'en hike and bonfire, a toboggan party, ski hikes and other forms of outdoor entertainment. The ski runs and toboggan slide were in constant use, snow conditions permitting, and the cabin was a popular gathering place, especially on week-ends when members made their suppers and spun yarns before the fire place.

Aside from the regular activities there was plenty of exercise available on "work days" for enthusiasts to prove their worth. The achievement of the season was the building of a massive stone fire place by Dr. Bulyea. For this and his constant interest in the club, the members are deeply grateful.

THE MED. TEAM—INTERFACULTY CHAMPIONS

Interfaculty Basketball

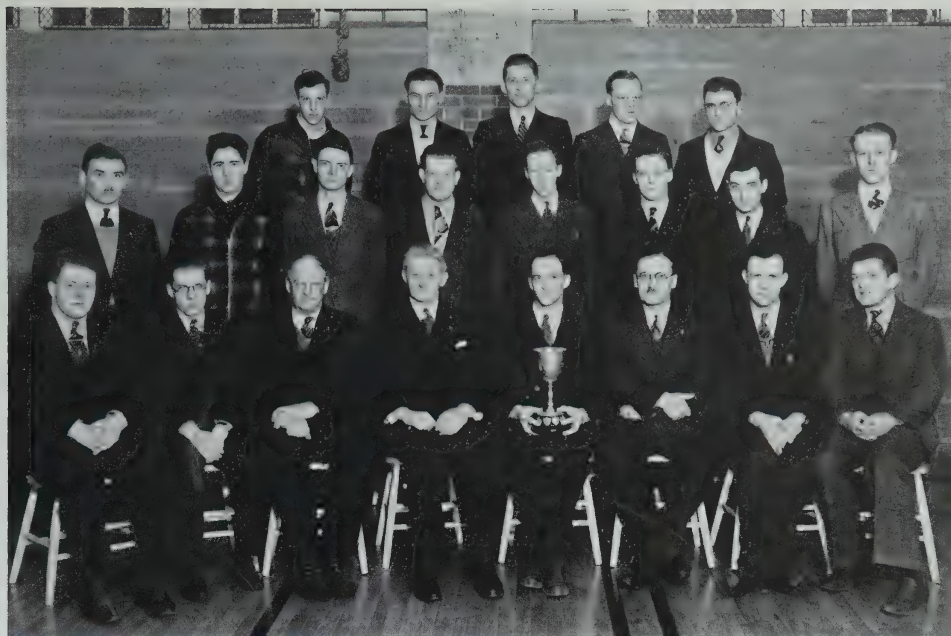

The Interfaculty basketball league enjoyed a highly successful season this year with competition being very keen in all games.

At first seven teams were entered in the league but the Ags divided their large squad into two equally successful teams and so gave everyone a chance to play.

Three teams were in the playoffs—the Meds, Commerce and the Ags "A"—the latter team just nosing out Ags "B" for final playoff spot.

THE "BEE" BASKETBALL TEAM

THE SOCCER TEAM

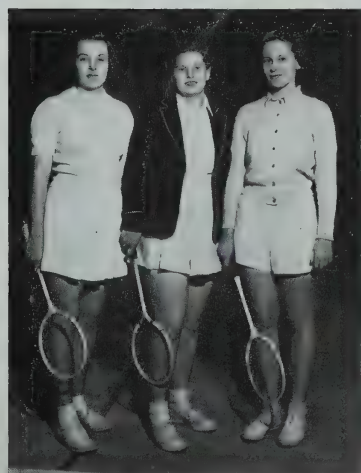

The Soccer Club

This year the club was faced by bad weather conditions which kept a really first class soccer team out of action for a long time. Weather forced the cancellation of the annual Clandonald tussle, but a game with the Edmonton Garrison resulted in a 5-1 win for Varsity.

The "Hardrocks", composed of Engineers and Geologists emerged Interfaculty champs.

Thanks go to Mr. Taylor and "Doc" Webster for their valuable help to the Club.

The Annual Banquet and the election of officers closed the season's activities.

Peggy Hurlburt Louise Marshall
Jean Hutchinson

The Badminton Club

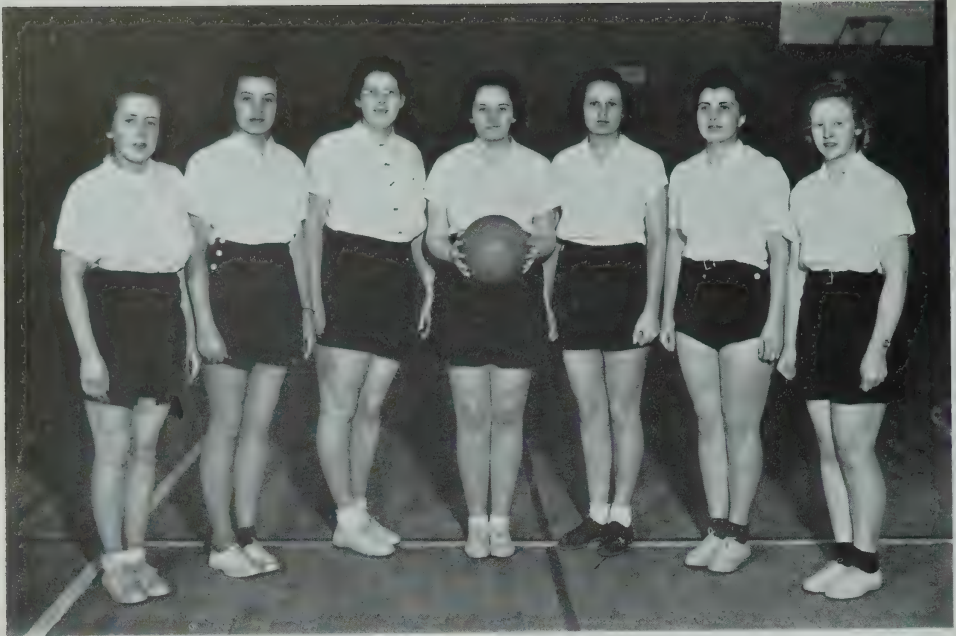

Badminton was very popular again this season on the campus. The membership was larger than ever before. Though playing facilities were inadequate, the members co-operated to the general satisfaction of all.

The club's activities for the year ended with a Novice Tournament, and a frolicsome sleigh ride and dancing party.

The executive is pleased with the support that the Club received in 1939-40.

BOB INKPEN

DELTA GAMMA FRATERNITY—WINNERS OF HOUSE LEAGUE
BASKETBALL

THE ARCHERY CLUB

THE ENGINEER "A" TEAM INTERFACULTY CHAMPIONS

Interfaculty Hockey

The Engineers, under the management of Keith Millar, walked off with the Interfaculty Cup for the third consecutive year in the "A" League. The league, although cut short because of mild weather, finished with Arts-Comm-Law at the top. Ag-Pharm-Dents, Engineers and Meds trailed in order. Ag-Pharm-Dents were eliminated in two bitterly fought games, and Engineers went on to defeat Arts-Comm-Law in two straight games and win the championship.

Many thanks are due to Interfaculty Hockey Manager Herb Ripley for the efficient way in which he managed the two leagues, the position being a very thankless one.

In the "B" League, Ags, managed by Archie Bishop, finished on top of the five team league and won the "B" League championship. They won the second game of the finals, and lost the first 2-1 to the Engineers in a two game total goal series. Meds first eliminated Pharm-Dents in a sudden death game, and were in turn defeated by Engineers, who came out second best with the Ags in the finals.

AGRICULTURE "B" TEAM INTERFACULTY CHAMPIONS

THE "BEE" RUGBY TEAM

Back Row—Pain, Cameron, Waters, Savage, Thexton (Coach), MacLaren (Trainer), Milroy (Manager), Ellis, M. Lambert (Captain), Crockett.

Front Row—Lewis, Yeats, L. Lambert, Buchanan, French, Hanson, Ryski, Williams

Interfaculty Rugby

Interfaculty Rugby had another successful season with six-man teams. The league got away to a slow start due to continuously bad weather at the beginning of the year.

As usual, the Engineers won the championship. The forty-beer men defeated the Commerce team in the finals on a snow-covered field.

ENGINEERS, WINNERS OF INTERFACULTY RUGBY

MARGARET WILLOX
NORA McLEOD

BILL STARK
DANNY COSTIGAN
BRUCE SANGSTER

TENNIS

For the first time in seven years the Alberta Tennis team lost to the Saskatchewan team. The greatest upset of the tournament was the defeat of Bill Stark by Saskatchewan's Pete McKenzie. Alberta won only two games, Bruce Sangster winning his singles, and Sangster and Stark winning the doubles.

The University Tennis tournaments were unfinished because of weather conditions, and the teams had to be chosen by the Club officials. Eileen Rushworth was unable to go with the Tennis team because she was travelling to Winnipeg with the Track team. Nora McLeod and Freshette Margaret Willox, Bill Stark and Bruce Sangster represented Alberta.

The Archery Club

The Archery Club started with a flourish at the beginning of the year. Under the able coaching of Bob Copeman, beginners got away to a good start and old members soon got into the swing again. Meetings were held in the basement of the Power Plant, where a short shooting range was set up.

The Club established its own "University Round". This consists of 30 arrows at a 16 inch target at 30 yards.

Membership of the club was small, but the few members there were, were very enthusiastic. At the final meeting a tournament was held, and the president for next year was elected.

University of Alberta Contingent C.O.T.C.

SUMMARY OF TRAINING

The 1939-1940 Training season of the Alberta Contingent of the C.O.T.C. opened with Canada engaged in a World War. Immediately there was a rush to enrol in the unit. On the first day of registration the Orderly Room was besieged with Freshmen, Senior Students, and many Graduates, desiring to enrol. Within a few days the strength of the unit was over seven hundred, the greatest number ever to enrol in the Unit's history.

The problem of organizing training for such a large number was a tremendous one. Two vital changes in the personnel of the unit made this even more difficult. At the conclusion of the 1939 training season, Lieut.-Col. E. H. Strickland, who had led the unit so successfully as its commanding officer for five years reached the end of his term of command, and Major P. S. Warren, who was second-in-command, became the new Commanding Officer,

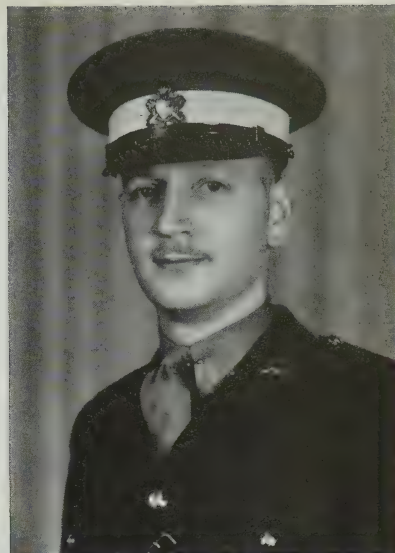

Capt. H. J. BISHOP
Adjutant

Capt. J. W. SCOTT
Medical Officer

Q.M.S.I. PURKIS
P.F. Instructor

R.S.M. ARCHBOLD

and was promoted to the rank of Lieut.-Colonel. In addition to this change, Q.M.S.I., J. O. R. Evans, M.C., P.P.C.L.I., who, for over a decade had been Instructor-in-chief with the unit, and had been instrumental in building it up to the position of the leading contingent of its kind in the Dominion, was transferred to his Regimental Headquarters in Winnipeg. (After the outbreak of War, Evans was appointed to a commission in his regiment.) The place of Q.M.S.I. Evans was taken by Q.M.S.I., M. D. Robertson, formerly with the University of Manitoba C.O.T.C., who in a short time, under the capable direction of the new commanding officer had the organization of the unit well in hand in spite of the war conditions.

The unit was divided this year into three main groups. "A" Group was composed entirely of Freshmen who were required to take two years to complete their Lieutenant's qualification. "B" group comprised other undergraduates and persons who had previous C.O.T.C. training who were allowed to write off their qualification in one year. "C" Group consisted of Graduates of recognized Universities, who trained at Edmonton, Calgary, Lethbridge and Medicine Hat, as part of the Alberta Contingent, but under the supervision of Headquarters, Military District 13.

Soon, the unit was well advanced in fall training, using the ground in front of the residence buildings and the Varsity Rink, for drilling. During this early period, a visit was received from the then District Officer Commanding, Brigadier G. R. Pearkes, V.C.; D.S.O., M.C., of Calgary, (now in command of the 2nd Infantry Brigade, 1st Division, C.A.S.F.), who expressed satisfaction at the excellent progress being made.

For the purpose of co-ordinating and directing training, Capt. H. J. Towerton and Capt. L. C. Smith of the Edmonton Fusiliers were attached to the unit on a full time basis and rendered invaluable service until they both received other appointments early in January 1940. At the same time Q.M.S.I. Robertson was appointed to a commission in his regiment and transferred to Saskatoon. His place was taken by Q.M.S.I., F. W. Purkis, formerly of Regina, who ably carried on the excellent work begun by Q.M.S.I. Robertson.

During the season C.S.M., J. V. Devlin, Sgt. A. Croft and Sgt. H. H. Purkis of the Edmonton Fusiliers were added to the Orderly Room staff.

Lt. Col. E. H. STRICKLAND, A.D.C.
Infantry

Lt. W. C. PROWSE
Quartermaster

As in former years a great deal of the instructional work was done by the unit's own officers, who gave liberally of their time to the work of training the greatly increased number of cadets. Lieut.-Colonel Strickland rendered very valuable aid by returning to lecture in tactics.

On January 5th, 1940, the Annual Officer's Mess Dinner was held in the Macdonald Hotel, and its success was enhanced by the presence of the new District Officer Commanding, Brigadier C. E. Connelly, D.S.O., and officers of his staff.

On Saturday, March 9th, 1940 Brigadier Connelly was present at the Annual

Inspection of the Unit in the Prince of Wales Armouries, and although a shortage of uniforms prevented the unit from parading in full dress, Brigadier Connelly expressed keen pleasure at the smartness of the cadets as they went through various movements of company and battalion drill under their own officers.

Due to the war, the basis under which qualification was granted was altered this year, and cadets wrote examinations set and marked by Canadian Defence Headquarters instead of the War Office in London as in former years. The results of the examinations for the present training season are not yet available, but it is anticipated that the usual high standard of the Alberta Contingent will be maintained.

In Appreciation

Now that the last cut has been made and the final copy has gone to press, it seems fitting that I express my thanks to those who have helped in bringing the Nineteen Forty Edition of the Evergreen and Gold into existence.

Firstly, I thank my staff who have worked so diligently and have given me the greatest co-operation. Then to McDermid Studios and the Commercial Printers, both of whom have given their finest work.

Finally, I wish to express my thanks to those individuals and organizations who have aided me by having their write-ups and pictures in on time.

To the Calgary Power, the Hudson's Bay Company, the MacKenzie Air Service and J. J. Gibbons we are indebted for many photographs. We wish to express our appreciation for the trouble to which these firms went to oblige us.

This Will Appeal to You - - -

Fortunate, indeed, are you who graduate from the University of Alberta - - fortunate because this province, far removed from the possibility of devastating invasion, contains within its borders inestimable resources and untold opportunities for industrial development, all of which hold their challenge for young men and women who, gifted with vision and courage, go forth to build careers.

The passing years have proven that this magnificent province is the most healthy and promising land on the face of the earth in which to live.

Plan to build your careers and your own homes right here in sunny, peaceful Alberta not alone because your reward will be rich in happiness and security but because

ALBERTA NEEDS YOU

Even the humble Carpet Tack is a
"Manufactured Product" in this indus-

trial age. To fashion it from raw material, men,
machines and money must be mobilized.
Whether you manufacture carpet tacks or
clothes pins, baby carriages or rope—money
to pay for labor, raw materials and to finance
the marketing of the finished product, as well
as to meet other seasonal needs, is available
through your bank. This bank desires to discuss
with you the financial requirements of your
business.

The Royal Bank of Canada

STEPS TO the YOU of TOMORROW

BY HELENA RUBINSTEIN

Girls, I have studied and conducted exhaustive experiments in the laboratories of Europe's greatest Universities to perfect effective treatments for young skins. After trial and retrial these preparations have proven to be the best that modern genius and painstaking tests can achieve. And now that the whole future of your beauty is at stake, I can help you develop new expressions of beauty . . . breathe new life, new mystery into your skin . . . give it freshness and new loveliness.

Read about this thrilling beauty treatment in my "THREE STEPS TO BEAUTY" and study my simple "THREE POINT MAKE-UP CHART" for the proper color combinations to enhance your loveliness.

Three Point Make-Up Chart

Choose your powder according to your complexion.

LIGHT BLONDE	Peachbloom
DARK BLONDE	Terra Cotta
LIGHT BRUNETTE	Peachbloom
DARK BRUNETTE	Mauresque
MEDIUM	Natural
RED HEAD	Rachel

Choose your eye make-up according to the color of your eyes

BLUE EYES—Blue Eyeshadow, Blue, Green or Brown Mascara.
HAZEL EYES—Blue-Green Eyeshadow, Black or Blue-Green Mascara.
BROWN EYES—Emerald Eyeshadow, Black Mascara.
BLACK EYES—Jade Eyeshadow, Black Mascara.
GREY EYES—Blue Eyeshadow, Black Mascara.

Choose your rouge and lipstick according to your basic costume.

BLACK OR BRILLIANT RED—Life Red or Sporting Pink.
WHITE—Red Geranium, Opalescent or Orchid Red.
BEIGE or BROWN—Terra Cotta, Rico Red.
PINK OR ROSE—Crushed Rose Leaves lipstick, Terra Cotta Rouge.
GREEN OR GREY—Red Coral.

THREE STEPS TO BEAUTY

FIRST STEPS TO BEAUTY—For those who suffer embarrassing skin blemishes, my **Beauty Grains and Pasteurized Face Cream** forms a wonderful treatment! The Beauty Grains purifies and cleanses the pores down deep; they refine large pores; smooth away "bumps" and roughness under the skin. The Cream gives your skin alluring softness and cools and soothes. Each preparation only **\$1.10**

YOUTHIFYING TISSUE CREAM—Starts enhancing your beauty the instant it touches your skin! It assists in preventing lines, preserves and intensifies natural fineness and softness. Priced **\$1.10**

SKIN TONIC PREPARATIONS—I have perfected special treatments for every type of skin! My **Herbal Skin Tonic** does wonders for a shiny face. My **Snow Lotion** soothes and conceals imperfections. My **Skin Clearing Cream** brings new sparkle and freshness to dull, sallow or discolored and oily skins. Why not have one of my beauticians at **Temple-Duff's** at Calgary or the **Corner Drug** at Edmonton assist you and tell you just the right treatments for your type of complexion and skin?

The Undergraduate and His Future

UNDERGRADS look forward to the time when they will have their degrees and will be able to make practical use of the knowledge they have gained at University. They plan on years of activity in their chosen profession or business. They plan also on building up a home! Optimism is the keynote of their plans.

In your plans you would do well to include the matter of Life Insurance which has a direct bearing on the future of every man and every woman too—for Life Insurance means security, protection and investment. Members of the Class of 1940 should consider NOW the value of Life Insurance. Most men intend sooner or later to provide adequate protection for themselves and their dependents and the younger they are the cheaper the rate and the better their health.

Our representatives throughout Alberta are fully qualified to assist you with your insurance problems, and will be glad to do so without obligation on your part.

Recognizing that the Life Insurance business offers a field of endeavor with great possibility for advancement—a field where individual integrity, enterprise and initiative are the main factors to success, many College graduates have associated themselves with the Mutual Life of Canada in the underwriting field. Our Managers will be glad to discuss any enquiries.

Highest Quality with Prompt Efficient Service

Ready AND ABLE FOR THE BIG TASK AHEAD

With silent yet perceptible determination and without need of regimentation or special organization, the Canadian Farmer has accepted the responsibility which is his, to maintain a ready abundance of the vital foodstuffs so essential for the Empire and the success of its great cause.

Difficulties and disappointments may have impeded his progress through the trying years from which he is just emerging, but provided, as he now is, with purpose nobler than self-interest, he sets himself to the task with loftier ambition and renewed energy. Eager he is for that conscious recognition within himself of having a definite and necessary part in the Empire's struggle to retain and maintain our dearly won and highly treasured freedom. Zealous is he that his contribution may be worthy and adequate.

By his side ever ready to help make more effective the farmer's effort is the Canadian Implement Maker whose co-operation in furnishing the most efficient machines enables him to multiply his output and extend his activities so that today he produces more with less manpower and in the most economical manner yet attained.

Never were demands of Empire more urgent—never was the Canadian farmer better fitted or better equipped to meet whatever demands may be made. Massey-Harris prizes proudly the distinction it has earned as—
"The Service Arm of The Canadian Farm."

Osmiridium Tip Points in 4 Styles

Duracrome, a new chromium alloy developed by Esterbrook resists corrosion and permits fine grading of points. Osmiridium, a combination of osmium and iridium, is harder and more costly than ordinary iridium. This results in a nib, virtually impervious to wear and affords a super-smooth writing point.

Seventy Years A-Growing

Times Change - But Principles Remain

EATON'S of Toronto began in 1869 with four employees. Today Twenty-eight Thousand people earn their livelihood in EATON'S of Canada. It didn't just happen —We think that the principles on which the business was founded are mainly responsible for its growth. They're plain and simple:

GOOD VALUE

Backed by the EATON Guarantee

The experience of Seventy Years—handed down by a system of promotion from within, to men and women who have served a hard-working apprenticeship in finding the best in value to meet the public needs. They travel the world, and find the best sources of supply, in the widest variety.

PROMPT, COURTEOUS AND RELIABLE SERVICE

Backed by the EATON Guarantee

Seventy Years' intense study of the world's best methods of storekeeping, and a constant readiness to change to something better to make shopping more pleasurable and convenient. Seventy Years of endeavor to be a Friendly Store.

ACCURATE ADVERTISING WITHOUT MISREPRESENTATION

Backed by the EATON Guarantee

From the beginning it has been laid down as a law that an advertisement must say what it means and mean what it says. As in the founder's day, it's "unhealthy" for anyone deliberately to mislead our customers by exaggeration or distortion of facts. The Company's reputation for straightforward advertising is jealously guarded. The EATON Research Bureau, with its well-equipped laboratory for testing and analyzing merchandise, helps to keep us from mistakes and protects our customers.

THE EATON GUARANTEE

"Goods Satisfactory or Money Refunded"

Seventy Years of steadfast adherence to this principle, announced in many of Timothy Eaton's first advertisements, have proved that he was a man of vision, and we are proud because his vision has gained for us so large a measure of Public Confidence.

There's More Behind Your Gas Flame Than Just a Well!

IT'S NO ACCIDENT . . .

that the many thousand homes served by Alberta's two Natural Gas Utilities have an abundant supply of gas, instantly ready for every need. There is no uncertainty about your gas supply—it's always there—always ready when you are served by a well-managed system. Your Gas Company devotes 52 weeks of every year to planning and preparing for your maximum demands.

READY FOR EVERY EMERGENCY . . .

Men laying additional lines—men scouting new wells—adding new supplies to our reserves for the future. Men watching gauges and weather reports—each one ready at his post when YOU turn a valve demanding added comfort for your home.

GOOD GAS SERVICE THE RESULT OF WISE PLANNING . . .

It takes more than just two or three wells to make a dependable gas system. For that reason our systems are connected to a series of many different wells. Much of our equipment is used only a few hours each year—but those are the important hours when you want gas in a hurry . . . and we are ready.

This is why we say, "Good Gas Service
Is No Accident"

The Winnipeg Grain Exchange

The grain trade of Western Canada took definite form with the organization of the Winnipeg Grain and Produce Exchange in the year 1887.

Reorganized in 1908 as an unincorporated non-profit association of grain merchants, the Winnipeg Grain Exchange has kept pace with the development of grain production in Western Canada and has continuously provided efficient and economical marketing facilities.

It has enabled the machinery by means of which the crops are collected, stored, transported and sold, both for domestic consumption and for export, to operate efficiently and with the least possible risk to producers, merchants and traders.

A LONG LIFE and a HAPPY ONE..

that is YOUR prime concern

"Science promises to those races who will take advantage of the increasing knowledge of nutrition, a larger stature, greater vigor, increased longevity and a higher level of cultural attainment."—J. S. McLester in "Food and Life".

It is being more and more recognized and confirmed that MILK is Nature's most perfect food—an almost complete source for all the elements, calories and vitamins essential to maximum physical development and well-being.

Keeping Faith with the Future

Far more than a manufacturing organization, Westinghouse carries on the pioneering spirit of its founder . . . keeping faith with the future of electrical progress:

- By the training of new men.
- By the development of new methods.
- By the creation of new products.

When you buy an electrical product bearing the Westinghouse name you not only reap the benefit of this progress at the present, but you also make possible its continued advancement in the future.

Westinghouse

The name that means everything in electricity

Commercial Printers Ltd.

EDMONTON

CANADA

In Appreciation

The process of creating a volume of this sort can only be carried through to its ultimate success if each party engaged in the creative activities which ensure its publication co-operate with each other to the fullest. It is only fitting at this time that I express, on behalf of the Evergreen and Gold, deepest appreciation to all those who by their loyalty throughout the year have contributed far more than can be described in words, to the production of the year book.

I refer especially to the business and professional men who are represented on the advertising pages of this volume. Without their co-operation and collaboration, which was forthcoming at all times, this venture should have fallen short of the original plans. That they have demonstrated to the University and its students their sincere concern for the welfare of the campus is an expression of faith which will not be forgotten.

May I, gentlemen, convey to you the sincere appreciation of the Evergreen and Gold, and every student at the university, for your enthusiastic support; and may I likewise assure you of our continued and increasing patronage.

Edwin Lewis

Business and Advertising Manager.
